

EXPERTS IN
CONFLICT RESOLUTION

HISTORY

Through comprehensive legal solutions, we contribute to people's well-being, business growth, and institutional strengthening.

CARRIÓN VILLAVICENCIO MONTOYA LAW FIRM & ASSOCIATES was founded on April 5, 2019, following the merger with the law firm Carrión Lawyers & Associates, which began operations on April 5, 1992. This union strengthens our experience and strategic vision, as with more than 30 years of experience, CVM Lawyers accompanies its clients with ethics, commitment, and results.

The firm is led by its partners: Julio Orlando Carrión Pérez, Alfredo Adolfo Carrión Pérez, Kardy Villavicencio Meza, and Franco Miguel García Lazo, who lead a team committed to legal excellence.

We offer legal solutions in various areas of law, such as Criminal, Civil, Labor, Family Law, and specialties such as Arbitration Law, Administrative Litigation, Corporate, Constitutional, Environmental Law, among others.

We believe in the power of law as a tool for transformation. Therefore, we combine our solid experience with the use of technology and close client attention to provide proactive, efficient, and accessible services, both in-person and virtually, nationally and internationally.

Legal Services

Criminal Prevention and Defense

We provide judicial defense in ongoing or upcoming criminal proceedings involving various public or private crimes, whether against the State, Public Faith and Public Administration, corruption of public officials, collusion, money laundering, asset forfeiture, crimes against possession, personal and sexual freedom, among other legal interests protected by our legislation.

Likewise, we carry out crime prevention management, anti-corruption actions, civil reparations, civil party representation, compliance, and enforcement actions.

National and International Arbitration & Litigation

National and international arbitration jurisdiction has become the most common, accepted, and effective method for resolving disputes between private parties, between the private sector and the State, and between States.

Our firm has more than 10 years of experience in institutional and ad hoc arbitration proceedings, overcoming language barriers regardless of the applicable law. We have experienced attorneys in Mining Law, Corporate Law, Public and Private International Law in Lima, Peru, and Madrid, Spain.

We have represented various contractor companies before States and private entities in matters involving real estate law, corporate law, construction, hotel vessel operations, among others. We maintain strategic alliances with expert firms of different specialties, both national and international, understanding the importance of their inclusion in arbitration proceedings whenever required.

Inheritance and Wills

As experts in inheritance matters, our corporate goal is to effectively protect our clients' inheritance rights in both their patrimonial and moral spheres. We provide comprehensive services for registry corrections, intestate succession proceedings, legal defense in inheritance claims or succession and testamentary partition proceedings, recovery actions over inherited assets, opposition actions, collation proceedings, among others.

Preventively, we also provide inheritance advances, assignment of inheritance rights, and will advisory services. These services are aimed at guaranteeing our clients the protection of their inherited assets and the protection of their wishes materialized in a Will or other prior legal acts of disposition.

ABOGADOS
Y ASOCIADOS

CONFLICT
RESOLUTION

Compliance

We implement programs and control schemes for the prevention of corruption acts, identifying possible risks with potential criminal consequences for legal entities and their representatives.

Corporate Control

Implementation of crime prevention regulations within the private sector, whether in companies or business associations.

Anti-Corruption

We offer legal strategies and guarantees aimed at facing criminal proceedings involving crimes against public administration (Collusion, Embezzlement, Misappropriation of Funds, Bribery, Influence Peddling, Illicit Enrichment, etc.).

INDIVIDUALS

Family

We understand the magnitude of family disputes and consider the best interests of the child as the primary and axiological foundation of Family Law.

Therefore, we provide legal advisory and defense in judicial proceedings regarding child support or increases thereof, custody proceedings, and visitation rights determination.

Likewise, we guarantee effective services in matters involving divorce on grounds, de facto separation, compensation arising from family liability, domestic partnerships, changes in marital property regimes, extramarital filiation, protection of family assets, and family

Civil

Understanding the main disputes and claims in this field, we offer services in evictions, contract drafting, compensation for damages, acquisitive prescription of ownership, among others.

Labor and Union Law

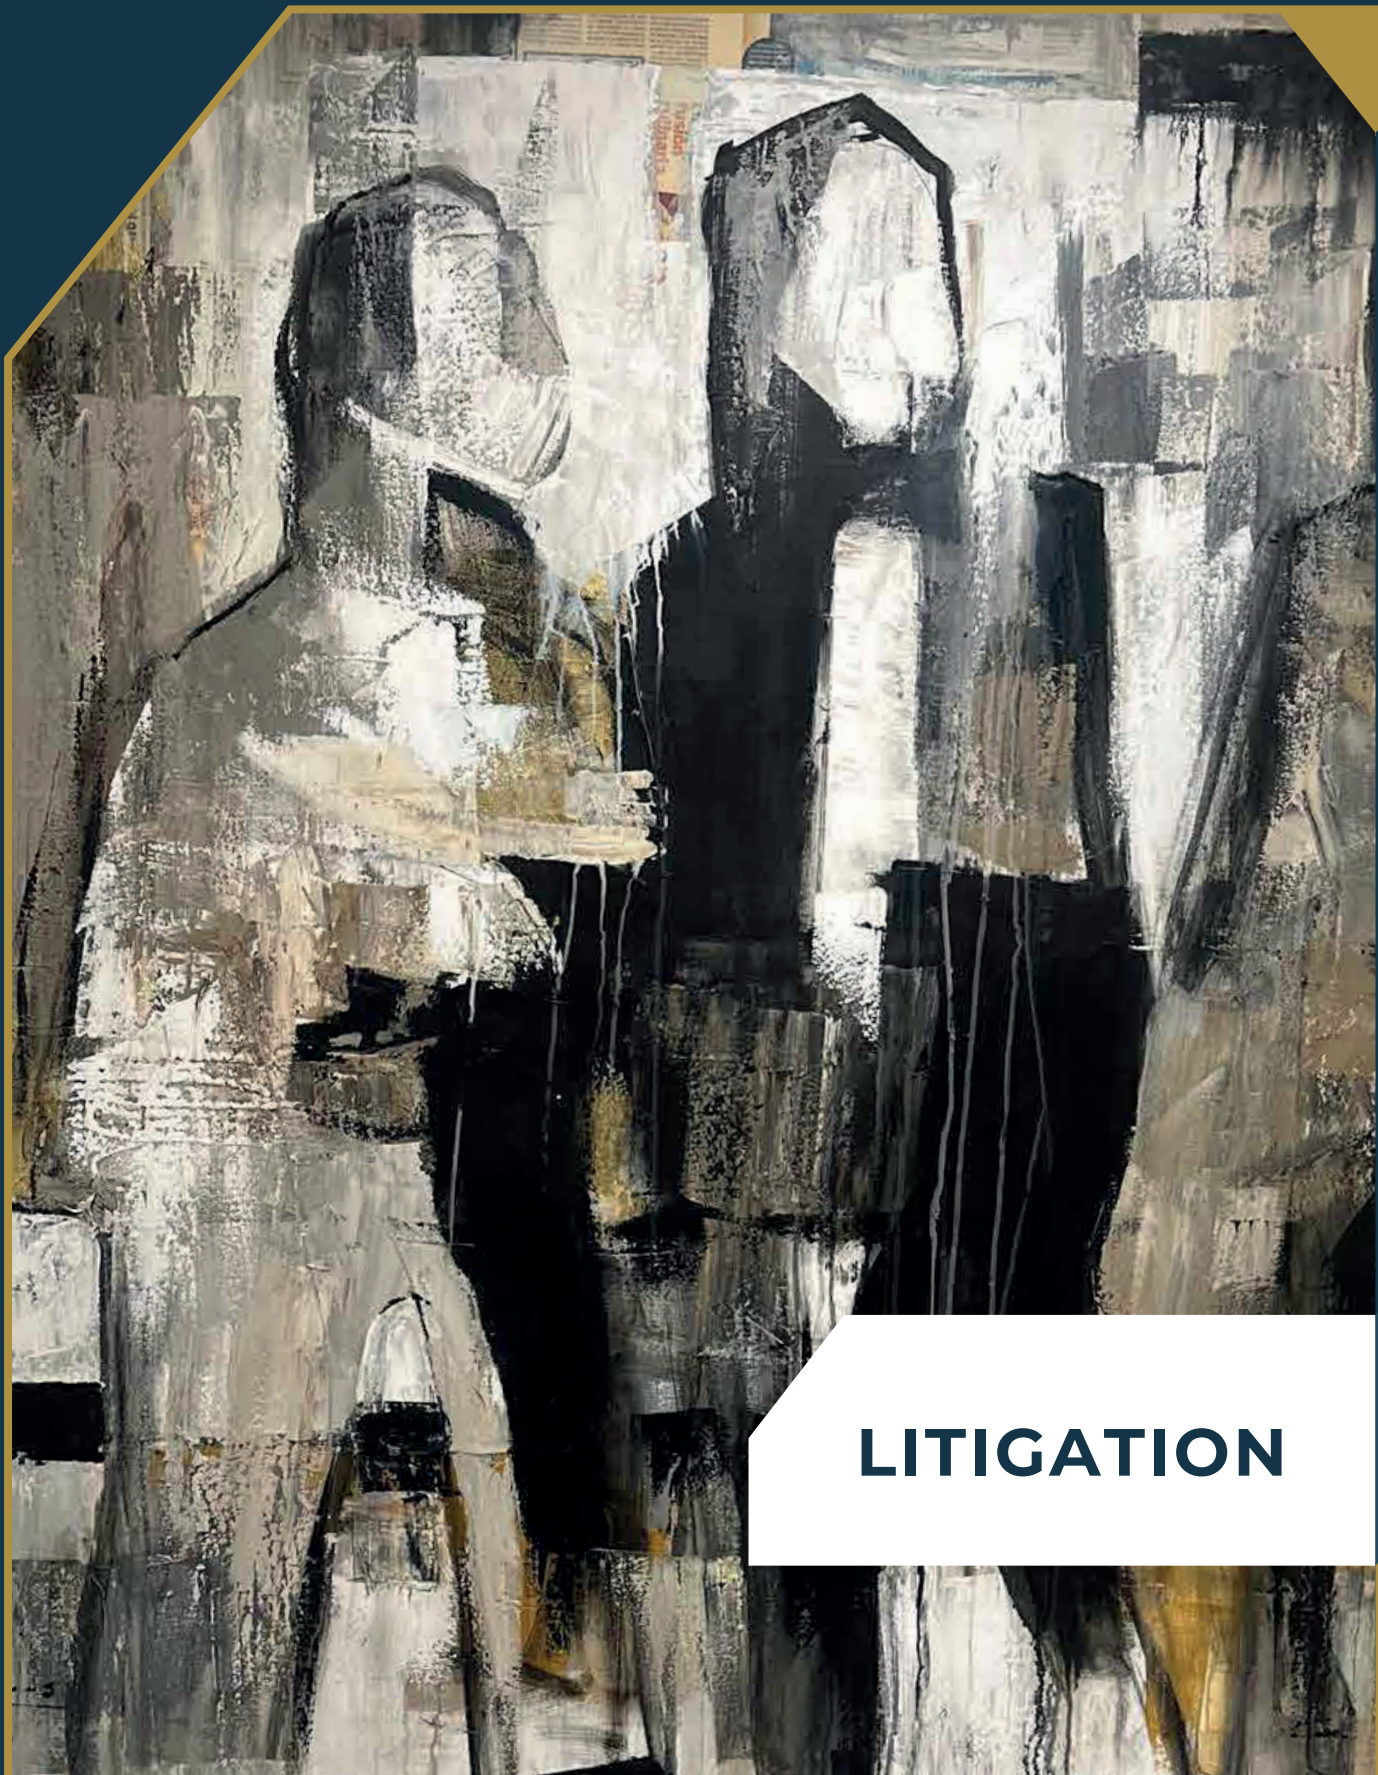

We have extensive experience in legal advisory and judicial defense in labor proceedings, whether for arbitrary or null dismissals, requiring reinstatement and/or compensation, as well as recognition and liquidation of social benefits, collective benefits, misclassification of contracts, perfect and imperfect suspension, remote work, and teleworking.

Likewise, profit-sharing reimbursements and dismissals aimed at protecting our clients' labor rights. We also file complaints before SUNAFIL for the initiation of the respective proceedings, as well as the preparation of responses to relevant accusations.

Similarly, in collective and union law, we have extensive experience in legal advisory in collective labor law. Our advisory services include the study and analysis of labor cases and the optimal institutional development of the labor union to which they belong, providing strategies according to the nature of the proceedings and requirements, pleadings, oral reports at hearings, drafting arbitration agreements, collective bargaining negotiations with employers, among others aimed at protecting the rights and interests of all union affiliates.

Immigration

We provide legal advisory services in obtaining national residency, immigration procedures, immigration status, political asylum, departure, re-entry, and other acts and procedures related to immigration matters.

LITIGATION

Civil

Legal representation and defense in summary enforcement proceedings, obligations involving monetary payments, contractual or non-contractual liability, challenges to corporate or association agreements, nullity of legal acts, challenges to Wills, among others.

Labor & Union Law

Judicial defense in proceedings involving profit-sharing reimbursements, contract misclassification, labor compensation, recognition of overtime and social benefits, among others related to individual labor law.

Likewise, in union matters, we have extensive experience in collective labor law advisory. Our services include case analysis, institutional development of labor unions, legal strategies, pleadings, oral reports at hearings, drafting arbitration agreements, collective bargaining negotiations with employers, among others aimed at protecting the rights and interests of all union affiliates.

Finance

We provide judicial representation in guarantee enforcement proceedings, protests of negotiable instruments, enforcement proceedings regarding monetary obligations.

Likewise, our legal services include coercive collection proceedings and recovery of credits and debts maintained by public or private entities as a result of economic benefits granted, whether from companies, employers for employee healthcare benefits, or private loans and related obligations.

Recoveries will be carried out through judicial collections, precautionary enforcement measures, as well as extrajudicial collection procedures through summary enforcement proceedings or other measures that satisfy debt recovery.

Administrative

We are specialists in Administrative Law, providing legal services required by individuals before relevant administrative authorities, such as filing appeals, nullity and/or reconsideration of administrative acts, initiation or defense in disciplinary or sanctioning administrative proceedings, municipal licensing procedures, among others.

If necessary, we also provide administrative litigation defense before judicial authorities. This advisory service also extends to entities requiring legal advisory in the development of their management, as well as public-private companies.

Constitutional Actions

Against acts violating constitutional rights, we file the appropriate constitutional guarantees to protect rights such as liberty, information, integrity, health, and due access to justice, among others protected by Article 2 of the Constitution.

Consequently, depending on the violated fundamental right, we may file Constitutional Protection Actions (Amparo), Habeas Corpus, Habeas Data, Popular Actions, Unconstitutionality Actions, Compliance Actions, as well as Constitutional Grievance Appeals when applicable.

BUSINESS

Contracts

We are experts in drafting all types of onerous or gratuitous contracts, whether expressly protected by our legislation or applicable in national territory through comparative law.

These include traditional contracts such as sales agreements, donations, leases (rentals), loans, comodato agreements, service supply contracts, usufruct, use and habitation rights, as well as innovative modern international models such as financial leasing, factoring, franchising, among others that may be adapted to contractual situations requiring their incorporation.

Corporate

As a firm, we maintain a commitment to the development of our country and society, believing that business growth is a primary indicator of progress. Therefore, we provide comprehensive advisory services to companies and public entities, training programs, preparation of monthly or quarterly reports, improvement of labor and corporate conditions, and corporate compliance management.

Likewise, we advise and process company incorporations, amendments to bylaws and partnership agreements, capital increases, appointment of managers, attorneys-in-fact and/or directors, management of mergers and acquisitions, transfer of shares and participations, changes in corporate type, share circulation, opening and closing of corporate books, dissolution, liquidation and extinction of legal entities, challenges to agreements, among other contentious or judicial acts related to the establishment or development of business operations.

Taxation

We have a team of attorneys specialized in Tax and Financial Law, with extensive experience in providing comprehensive legal advisory services to individuals, companies, and organizations in both the public and private sectors.

We provide strategic solutions in services such as Tax Debt Regularization, request and management of installment and deferral plans, processing of tax exemptions, non-taxable status and tax benefits, analysis and prevention of national and international double taxation, preparation and review of sworn statements, as well as representation before SUNAT, the Tax Court, and other administrative entities.

We optimize our clients' tax burden, ensure regulatory compliance, and reduce legal contingencies, always with a preventive and strategic approach.

Auditing

We provide comprehensive and highly specialized advisory services in labor, corporate, and tax legal audits, with the objective of verifying compliance with current regulations and the proper execution of contractual obligations between the interested parties.

Our service allows the identification of legal risks and opportunities for improvement within the commercial, labor, financial, and administrative activities of the audited legal entity, as well as its units or competent departments. We ensure a preventive, strategic approach aligned with corporate best practices.

Electricity, Oil, Gas and Maritime

We have a team of attorneys specialized in Tax and Financial Law, with extensive experience in providing comprehensive legal advisory services to individuals, companies, and organizations in both the public and private sectors.

We provide strategic solutions in services such as Tax Debt Regularization, request and management of installment and deferral plans, processing of tax exemptions, non-taxable status and tax benefits, analysis and prevention of national and international double taxation, preparation and review of sworn statements, as well as representation before SUNAT, the Tax Court, and other administrative entities.

We optimize our clients' tax burden, ensure regulatory compliance, and reduce legal contingencies, always with a preventive and strategic approach.

Mining

We have experts in Mining Law who provide advisory services regarding ownership, opposition, and registration of mining rights, as well as compliance with mining-environmental regulations and occupational health and safety matters, participating in various negotiations.

Because we have highly qualified professionals supported by their specializations in the sector, we are able to handle the most delicate matters.

Environmental

We provide advisory services in Environmental Law to individuals, legal entities, collectives, and activists, with the purpose of protecting the corresponding legal regulations related to the care and preservation of the environment. Likewise, we participate in due diligence processes.

Fisheries

We provide legal advisory services regarding fishing permits, modification or acquisition of vessels, authorizations to install and/or relocate processing plants, authorizations for fleet expansion for construction purposes, among other relevant administrative procedures and approvals.

Agriculture

We have experts in the development of agricultural and forestry businesses, acquisition and regulation of hectares of land where the acquisition of rights, renewable or non-renewable resources, granting of concessions, issuance of licenses, authorizations, and other related matters are regulated.

GESTIÓN
PÚBLICA

Municipal Law

With a solid understanding of the laws and regulations specific to each municipality, we provide expert and strategic representation for individuals, companies, and government entities.

Whether facing disputes with local authorities, seeking permits, or defending their interests in municipal litigation, our team is prepared to provide effective solutions and personalized legal guidance.

We value the importance of staying up to date with changes in municipal legislation and work diligently to protect our clients' rights and interests at the local level.

Government Procurement

Our firm has experts in the field with sufficient experience and solid knowledge in public procurement matters, in order to provide specialized advisory services both to potential bidders participating in the various selection procedures approved by the applicable law, as well as to contractors.

Likewise, we specialize in legal advisory services within the framework of public procurement, such as cases in which sanctions or any other type of measure have been imposed within a sanctioning procedure arising from a contractual relationship with the State.

Consumer Protection, Intellectual Property, Insolvency & Competition

The consumer is the central axis of consumer relations and the primary source of interest, development, and growth in the market, which is why their protection is of special importance. At our firm, we have specialists who defend the individual or collective rights of consumers, whether before INDECOPI or in court, if necessary.

Likewise, considering the importance of property rights in the commercial field, we handle the registration of trademarks, business names, and commercial slogans in order to legally and commercially protect the company's fair distinction in the market. Our advisory services extend to all intellectual property matters, from industrial property to copyrights, appellations of origin, and sui generis protection.

In the broader corporate sphere, we view the protection of corporate relations as a principal source of growth. Therefore, once a company has been declared bankrupt, we provide the corresponding advisory services when insolvency proceedings are initiated. Likewise, in competition law, we work to ensure a market with equal opportunities and balanced good-faith commercial practices.

Government Procurement

The right to vote is of constitutional relevance and protection, which is why there is a branch of law dedicated to the study and practice of the full range of legal institutions existing in this field. As a branch of public law, electoral law regulates the proper transition of authorities, representatives, congress members, and other nationally relevant public figures who, according to our Constitution, may be appointed through fair and transparent elections.

Likewise, this area of law also regulates compliance with the requirements that political parties must meet in order to hold positions in government or Congress. Therefore, we offer services related to political party registration, preparation of reports, appeals, and legal briefs required by authorities such as the JNE or JEE, or that form part of previously initiated proceedings.

Without prejudice to the foregoing, we also provide citizens with advisory services on matters related to vacancy, revocation, annulment of elections, among others aimed at ensuring the proper development of transparent elections based on the Constitution and current regulations.

Our Partners

Our commitment is to provide our clients with a high-quality service aimed at resolving problems, concerns, and needs in accordance with law, justice, and truth.
